Voices of JIMTOF 2014 Exhibitors

How many of your goals did you achieve?

Would you like to join the JIMTOF2016?

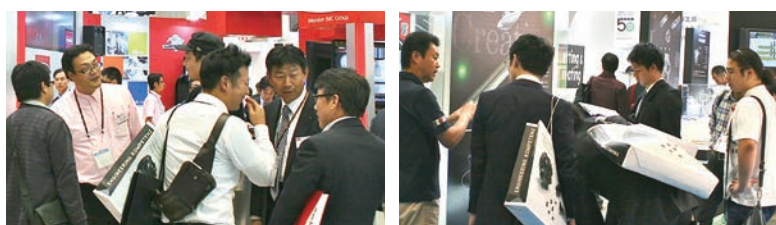

New technologies and cutting-edge tools are prepared at every JIMTOF. I think it is a very valuable trade show for providing an opportunity to introduce our products to many visitors.

It is a great chance to introduce new products and technologies to the general public. In particular, as JIMTOF is the largest trade show in Japan, we can disseminate new technologies both within Japan and around the world.

We can view products and technologies of Japanese or international machine tool manufacturers. I think of JIMTOF as an indicator of the future in the machine tool industry.

We can meet almost all of the Japanese buyers. It is a great occasion for communicating with them.

After receipt of the application, Organizers will notify the applicant in writing as the official acknowledgement by the middle of January 2016. However, there might be cases that Organizers coordinate the number of the booths requested or cannot accommodate the application taking previous exhibit records of applicants into account when total demand exceeds the exhibition floor capacity or reviews of the application reveal irregularities. In these cases, Organizers will notify such applicants in writing by the middle of January, 2016. In this regard, Organizers or the cooperating organizations shall not be liable for any damage caused by rejection of the application or reducing the number of booths.

2-5 Payment Terms

Organizers will send the applicant the first invoice for the half amount of the total booth rental fees as subscription money, together with the official acknowledgement by the middle of January, 2016, which the applicant shall remit to the specified bank account by the due date stated on the invoice. Then, Organizers will send the applicant the second invoice for the balance of the total booth rental fees by the end of April, 2016, which the applicant shall remit to the specified bank account by the due date stated on the invoice. (Bank handling charges are the liability of the applicant.) 2-6 Cancellation or Modification of Application

Organizers will not accept cancellation or modification of the application after it is approved, except for the case in which Organizers exceptionally approve them after receipt of written requests from the applicant. In case of cancellation, Organizers, or the cooperating organizations will not refund the paid-up amount to the applicant, regardless of the reasons for it.

2-7 Exhibition Space Allocation

Organizers will decide on the allocation of the exhibition space (please refer to Article 3 of "The Provision of Exhibition Agreement," page 11) and will notify the applicant of the space allocation, with the second invoice. The applicant has no right to oppose or demand changes with respect to the allocated exhibition space. Also, the applicant is not allowed to conduct such actions on part or all of the allocated exhibition space as selling/buying, collateralizing, transferring or lending to any third party, except for co-exhibitors and represented companies. (Please refer to 2-3-(3) for "co-exhibitors and represented companies".)

In this case, Organizers, or the cooperating organizations will not refund the paid-up amount to the applicant, regardless of the reasons for it.

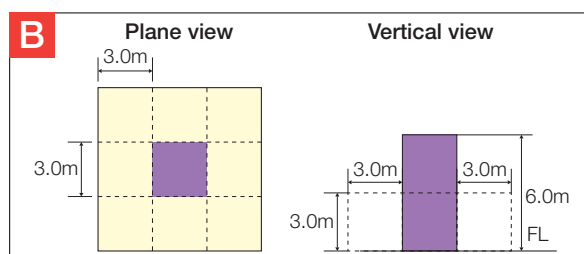

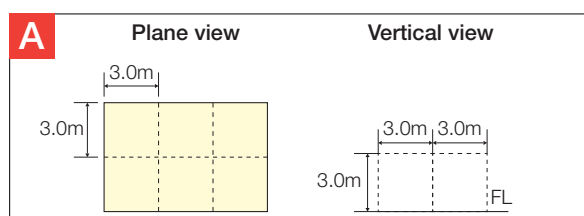

2-9 Cancellation or Modification of Exhibition Agreement

Organizers will not accept cancellation or modification of the exhibition agreement after it is concluded, except for the case in which Organizers exceptionally approve them after receipt of written requests from the exhibitor. In this case, Organizers will not refund the paid-up amount to the exhibitor. Furthermore, Organizers or the cooperating organizations shall not be liable for any damage caused by such actions.

3. Display and Decoration

All decorations including lighting must be confined to a maximum height of 3.0m (refer to the picture A below). However, the height limit for decorations rises up to 6.0m in the area which is 3.0m away from passage-ways, adjacent booths and walls (refer to the picture B below. Banners are the exceptions. Please see "3-4 Banners in Booths"). For reasons of fire safety, the construction of roofed or covered booths and decorations over 3.0m high are limited to the approval of Organizers. Exhibitors wishing to include any of these contradictions must apply and submit blueprints to Organizers to obtain permission. After consulting with the Fire Department, Organizers will study the drawings and advise the Exhibitor as to the location of smoke detectors and the necessity to install package-type fire extinguishing equipment or fire extinguishers (the cost of installation will be the responsibility of the exhibitor). There is no height limit for the exhibits, however, please check with the application form and notify Organizers when the exhibit is over 3.0m.

Height Limit A : Lower than 3.0m

In the case of double-row booths, decorations higher than 3.0m are not permitted (as well as thin panels or signs).

B : Lower than 6.0m

3-2 Eased restrictions on the height for installation of lighting equipment

Only when exhibitors, which occupy 15 or more exhibition stand units, meet the following requirements, they shall be able to install lighting equipment measuring up to 6.0m in height, with no setback away from passage-ways and a 1.0m setback from the adjacent booths.

- (1) If lighting equipment measuring up to 3.0m in height cannot apply enough light in showing exhibits to visitors due to the characteristics of these exhibits (for example, when a large machine is displayed at the edge of a passage).
- (2) If it is considered that the lighting equipment measuring more than 3.0m, which should be placed in an exhibition stand set adjacent to a wall of the venue, does not affect the view of other companies' exhibition stands.
- (3) The exhibitor has submitted an installment plan document to the organizer in advance and has obtained permission.
- (4) The lighting equipment should meet the following requirements:
 - ① The lighting equipment should consist of lighting that applies light to exhibits and the support structure and should not have a decorative factor.
 - ② Their shapes should enable the lighting to be installed on the top of the support structure.
 - ③ The support structure must be necessary for the installation of the lighting.
 - ④ The lighting and its support structure should not have any factors suggestive of certain companies such as the name of exhibitors and logos.
 - ⑤ The color of appearance should be a simple color such as white, black, or silver, and should not extremely stand out.

3-3 2-Story Booth (Three or more stories are not permitted.)

At JIMTOF 2016 there will be no fees levied on 2nd floor space; however, a 2-story structure may only be erected by exhibitors who have contracted for 15 booths or more at that location. Also, 2nd floor space may only be used for business meetings. Full details of conditions applying to such structures will be made available in the "Exhibitors Manual."

3-4 Banners in Booths

More than 21 booths of exhibit at one location may apply for banner. For security reasons, Organizers will make and put up all banners for the Exhibitors at the Exhibitors' expense.

3-5 Decoration Materials

All materials used for decorations must be approved as fire proofed by the Japanese Fire Defense Law. Exhibitors wishing to use materials approved by overseas laws are required to submit a written notice as required along with a product sample to Japan Fire Retardant Association for quality assurance certification in order to prove that the materials meets the applicable standards.

*For more details about displays and decorations, including regulations above, please refer to "Exhibitors Manual".

4. Handling of Fire and Hazardous Materials

The exhibitor is not permitted to use open flame or to bring hazardous materials in the exhibition area by The Fire Prevention Ordinance in Tokyo, except for the case in which they obtain the written permission in advance from the local fire station under jurisdiction. Even in the case of the permission from the fire authorities, there might be a limit to the amount of hazardous materials that can be brought in, which is determined by the layout of the hazardous materials in the booths, and the surrounding conditions. Also, the exhibitor is not permitted to operate machines containing oil in excess of specified volume. If the exhibitor apply an amount of hazardous materials that exceeds the specified volume, organizers will adjust the number.

The "open flame" means a device or an object that generates a flame or spark, or a device the heating unit of which is exposed to the outside. The "hazardous materials" indicates gunpowder, combustible gas, and other materials listed on the annexed table of the Fire Service Law, 4th group. (See the annexed table.) The Provision of Exhibition Agreement for JIMTOF2016

The Applicant and Tokyo Big Sight Inc. (hereinafter referred to as "TBSI") agree with and observe this "The Provision of Exhibition Agreement for JIMTOF2016" (hereinafter referred to as "JIMTOF2016") to be held from November 17 to 22, 2016.

■ Article 1 - Application for Exhibition and Agreement

- (1) The applications for both the exhibition and the exhibition agreement shall take effect when TBSI receives the application form from the Applicant.
- (2) In case that the Applicant holds a membership of the organizer or the cooperating organizations (hereinafter referred to as the "Member"), its submission of the application to the organization of which the Applicant is a member shall be deemed to be a formal application for both the exhibition and the exhibition agreement.

■ Article 2 - Subscription Fee

- (1) TBSI shall send the Applicant the first invoice for the half amount of the total booth rental fees as subscription fee that shall be calculated on the size of the exhibition space allocated as stipulated in Article 3 together with the official acknowledgement of the exhibition application. The Applicant shall pay the amount by remittance to the bank account by the due date, all of which are as per specified in the invoice. In cases that TBSI exceptionally approves the written requests of the application cancellation from the Applicant or the payment of the subscription fee from the Applicant is not confirmed by TBSI by the due date, the application shall be deemed cancelled and lost its effect. In this case, TBSI shall not be required to refund any amount of fees already received, regardless of the reason.
- (2) In case that the Applicant is a Member and the organization itself charges the Applicant with the subscription fee, the payment to the organization by the Applicant shall be deemed the payment to TBSI. (The same shall apply with respect to both the payment and receipt of the subscription fee under this Agreement.)

■ Article 3 - Exhibition Size and the Location

The size of the exhibition space shall be determined by TBSI through booth adjustment based on the number of booths applied for by the Applicant, and notified the Applicant with the official acknowledgement. TBSI shall notify the Applicant of the location of the exhibition space after the booth allocation is determined. The Applicant shall have no right to object to the allocation of the exhibition space or request change of the exhibition space determined by TBSI. (The size and location of the exhibition space are hereinafter referred to as the "Exhibition Space".)

■ Article 4 - Booth Rental Fees

- (1) TBSI shall send the Applicant the second invoice for the remaining half amount of the total booth rental fees. The Applicant shall pay the amount by remittance to the bank account by the due date, all of which are as per specified in the invoice.
- (2) In case that the Applicant is a Member and the organization itself charges the Applicant with the booth rental fees, the payment to the organization by the Applicant shall be deemed the payment to TBSI. (The same shall apply with respect to both the payment and receipt of the booth rental fees under this Agreement.)

■ Article 5 - Exhibition Agreement and Usufructuary Right to Exhibition Space

The exhibition agreement shall take effect from the date when TBSI confirms the full payment of the booth rental fees by the Applicant. After the effective date, the Applicant shall have the right to use the Exhibition Space as an exhibitor. In cases that TBSI exceptionally approves the written requests of the cancellation from the Applicant after receipt of the full payment of the booth rental fees or the full payment by the Applicant is not confirmed by TBSI by the due date, the exhibition agreement shall be deemed cancelled and the Applicant loses the right to use the Exhibition Space. In this case, TBSI shall not be required to refund any amount of fees already received, regardless of the reason.

However, the Exhibitor shall lose its usufructuary right once the Exhibitor is deemed by TBSI to have restored the Exhibition Space to its original condition as stipulated in Article 16 prior to the expiration of said period.

■ Article 7 - Prohibition of Assignment of Exhibition Space

The Exhibitor may not pledge, hypothecate, assign or sublet all or any part of the Exhibition Space to any third party, whether consideration or otherwise, nor exchange it with another Exhibitor. However, that this shall not apply in case where a part of the Exhibition Space is to be used by or sublet to a Co-exhibitor or Represented company who has filed a prior written notification with and received approval from TBSI in advance.

■ Article 8 - Cancellation or Modification of Exhibition Agreement

- (1) The Exhibitor may not cancel or modify any part of this exhibition agreement, except the case in which TBSI exceptionally approves the cancellation or modification after receipt of written requests from the Exhibitor. In case of cancellation, TBSI shall not be required to refund any amount of fees already received, regardless of the reason. Even if such modification gives rise to a reduction of the amount of fees already received, TBSI shall not be required to refund any such fees. If the Exhibitor loses the qualification of the Member, the Agreement shall be automatically changed, and the status of the Exhibitor is also changed to the "Non-member". In this case, TBSI will additionally charge the Exhibitor with the difference of the booth rental fees.
- (2) If any of the following events should occur with the Exhibitor, TBSI may cancel or modify the exhibition agreement without any prior notification. In this case, TBSI shall not be required to refund any amount of fees already received, regardless of the reason, or shall not be liable for any resultant damage which may be incurred by the Exhibitor.
